

### Returning Used Toner Cartridges

When returning used toner cartridges, please use the original packaging to protect cartridges before returning to a Canada Post retail office, or placing alongside IDM mail bags.

DO NOT place cartridges directly into mail bags. Loose or unpackaged cartridges may spill residual toner, potentially ruining mail and any other contents in the mail bag.

For complete instructions on how to return and recycle your used toner cartridges free of charge, please refer to the 2016/2017 MDA Products & Services Catalogue.

To place an order, contact:
